### Description

Spring foliage is purplish, almost black, variegated with bright pink. Superb variety still little known in Europe. The great originality of this variety is that each leaf has different colors. Some are bright pink, others dark purple and white, or pink and white or with the three colors a real firework display. During summer new shoots remain variegated while older leaves turn dark purple. If too much shade the colors will be pale. In autumn red orange. Introduction in Europe 2008 Guy Maillot, obtained Buchholz and buchholz nursery Oregon USA.

### Technical description

<i>Species</i>	Japanese Maples
<i>Variety</i>	Acer palmatum rainbow
<i>Leaf colour</i>	Variegated leaves
<i>Leaf shape</i>	Palmated
<i>Adult height</i>	Between 2 and 4 meters
<i>Shape</i>	Natural
<i>Exposure</i>	Partial shade
