Description

Dimensions:

Height: 480 mm Width: 600 mm Japanese pot from Tokoname, signed, dimensions: 485x365x160 mm

Nebari: 270 mm Trunk: 130/140 mm Variety with small dark pink flowers, Momo Chidori, uncommon in cultivation displays a superb trunk movement.

Currently free from any wire ligature, with only a healing scar at the back.

It is recommended to keep it in its very high-quality pot, which complements this rhododendron perfectly, for as long as possible.

Sold without the display stand, the photograph was taken on October 22, 2023.

This exquisite bonsai originates from the renowned nursery of Master Kobayashi in Kanuma, Japan. It is a premium acquisition for any collector due to its high quality and elegant moyogi style.
